## Design Master User Conference

April 19-21, 2006  
Cincinnati Airport Marriott

The Design Master User Conference is your chance to learn about how to use Design Master to improve your productivity. Our staff will be there, teaching the classes and leading the forums. You will meet other Design Master customers, giving you the opportunity share ideas and learn how they are making the most of the software.

All classes will feature hands-on training using Design Master HVAC and Electrical.

You will also get the first look at our new HVAC Load Calculation upgrade!

### Registration Form

Attendee Name: \_\_\_\_\_

Email: \_\_\_\_\_

Company Name: \_\_\_\_\_

Address: \_\_\_\_\_

City/State/Zip: \_\_\_\_\_

Company Phone: \_\_\_\_\_

Conference plus Hotel Room for 2 nights:

\$439 if paid on or before March 15

\$539 after March 15

Conference Only:

\$199 if paid on or before March 15

\$249 after March 15

Method of Payment:

Check enclosed payable to Design Master Software

Charge to credit card  MC  VISA

Signature \_\_\_\_\_

Card number \_\_\_\_\_ Exp. Date \_\_\_\_\_

Mail: Send completed form and payment to:

Design Master Software, 20300 19<sup>th</sup> Avenue NE, Shoreline, WA 98155

Fax: Fax completed form and payment information to (206) 364-3363

Phone: (866) 516-9497 (to register or for general questions)

Email: rrobison@designmaster.biz

## Classes

Classes will be held all day Thursday and Friday morning. All classes will feature hands-on training using Design Master HVAC and Electrical. It is recommended that you bring a laptop loaded with Design Master to the conference so that you are able to follow along with the lesson.

Which classes do you plan to attend? (circle 5)

### Electrical Classes

- E1 - Customization: Blocks, Layers, Text, Options
- E2 - One Line Riser Diagrams: Tying Them into the Rest of Your Project
- E3 - Low Voltage Devices: Setup and Advantages
- E4 - Design Master Link to Excel: What does this do for me?
- E5 - Master Schedules: Improving Project Setup

### HVAC Classes

- M1 - Customization: Blocks, Layers, Text, Options
- M2 - Static Regain: Taming a Wild Calculation
- M3 - Heating and Cooling Load Calculations: Getting the Most out of Your Drawing
- M4 - VAV System Design: Do It the Design Master Way
- M5 - 3D Ductwork: Improve Your Presentation and Your Design

## Forums

In addition to the classes, there will be three open forums during the conference.

The Thursday afternoon forums will focus on the development direction of Design Master HVAC and Electrical. This is your chance to talk directly with us and fellow customers about where you would like to see the software go next.

The Friday morning forum will focus on the integration of Design Master HVAC and Electrical. In this forum, you will have a chance to share your thoughts and ideas about how our two software programs could best share information.
